GLOBAL PARTNER NETWORK

Welcome to the Hyland Global Partner Network

Since 1991, Hyland has grown from a local startup into a global enterprise with more than 15,000 customers across more than 106 countries. Throughout our history, we've remained steadfast in our commitment to delivering exceptional customer experiences. Organizations expect intelligent, connected solutions that adapt as fast as their industries do. Together with our partners, we're meeting that demand with the AI-native Hyland Content Innovation Cloud™, which extends the value of our core ECM solutions, enabling organizations to transform unstructured data into contextualized intelligence that unlocks actionable insights and drives agentic automation.

Hyland is fully committed to our 500+ global partners. We value transparency and two-way communication, encourage collaborative problem solving and are devoted to providing you with the strongest resources possible to further your efforts. Our partner ecosystem contains some of the most successful solution and service providers in the market, and we're proud to play a role in their success.

Consider joining us to explore new ways of delivering value through intelligent, connected content solutions, powered by Hyland's innovation-first approach and robust partner ecosystem.

We are excited for the opportunities ahead and the value we can create together. We invite you to explore how a partnership with Hyland can support your strategic growth.

Why partner with Hyland?

Hyland combines deep industry expertise with a strong global presence, enabling partners to engage customers with confidence. Our established customer base, high renewal rates and consistent services demand create a stable foundation for long-term growth.

Partners benefit from a collaborative ecosystem that accelerates time to value, expands service opportunities and supports scalable business models. As demand for AI-driven transformation grows, partners have a clear opportunity to innovate, differentiate and drive sustained growth with Hyland solutions.

What our partners are saying

Grow your business with support from a community dedicated to your success.

We're in this really great position to help the organizations that we serve drive more value, better serve their customers or constituents and frankly improve outcomes society wide.

Mitch Sutter

Chief Innovation Officer
Naviant, Hyland partner since 2001

The impact [the partnership] has on our business is huge. I think we have grown, since 2008, over 50% in staff and revenue, implementing the Hyland approach and portfolio.

Patrick van Vulpen

Manager, Business Development,
Docspro B.V., Hyland partner since 2008

Hyland Global Partner Network

Program overview

The Hyland Global Partner Network is designed to support a range of partner models — enabling organizations to sell, build, service and manage solutions aligned to their business strategies.

Through a structured program framework, partners gain access to enablement resources, technical support and go-to-market collaboration to drive customer success and business growth.

Expectations

- Focus on your addressable market and establish successful relationships between your clients, prospects and Hyland sales teams.
- Engage Hyland sales teams with prospects and current clients as soon as you identify opportunities, enabling us to set appropriate expectations for both software and service delivery.
- Demonstrate how Hyland solutions complement your offerings to create optimal solutions and a better customer experience.
- Match Hyland’s commitment to deliver exceptional value to our mutual customers.
- Recognize, develop and promote solutions Hyland and your organization can deliver. Simple product integration does not equal customer success.
- Participate in and contribute to Hyland events and activities such as CommunityLIVE sponsorships and local or regional user groups.
- Maintain transparent pipeline reporting and engage in regular business planning with your Hyland alliance manager to align on goals and priorities.
- Invest in building and maintaining Hyland product knowledge through available training, certifications and enablement resources.
- Take ownership of the customer relationship post-sale, ensuring smooth implementation, adoption and continued satisfaction.

How we partner

Regardless of the partnership type, Hyland empowers organizations with content, process and application intelligence that integrate seamlessly with existing business systems — supported by a versatile platform built for continuous innovation.

1

Sell partner

Identify, advance and close Hyland opportunities to drive mutual revenue growth. Designed for VARs and referral partners with strong customer access and sales reach.

2

Build partner

Develop innovative solutions powered by Hyland technology. Ideal for partners embedding Hyland into differentiated products and platforms, including OEMs and ISVs.

3

Service partner

Deliver expert design, implementation and support services that ensure customer success. Built for partners leading deployments and transformation programs, like global system integrators.

4

Manage partner

Provide ongoing managed services that optimize customer environments over time. Suited for partners such as BPO providers delivering operational scale, continuity and measurable outcomes.

Sell partner requirements

	Description
Partnership	
Complete application process	Complete the application profile by providing information for Hyland to evaluate if partner meets qualifications.
Agree on Hyland partner expectations	Agree on Hyland Global Partner Policy and Partner Code of Conduct.
Establish a primary Hyland contact	Assign a primary contact to Hyland.
Sales enablement	
Opportunity registration and update	Conduct opportunity registration and update regularly. A Hyland sales team will work with partners to drive business.
Joint business planning/business reviews	Collaborate with Hyland to create an annual business plan that includes revenue goals, marketing initiatives and enablement activities aligned to partners' business goals and Content Innovation Cloud opportunities. The plan is reviewed regularly.
Develop mutual account plans	Develop an account plan targeting strategic mutual customers.
Competency and performance thresholds	Authorized partners must meet agreed new booking targets and complete the required Hyland certifications to maintain authorization. Those demonstrating stronger performance, higher competency and proven customer success will be elevated to silver and gold tier partner, with corresponding benefits.
Provide a complete demonstration system	Provide a complete demonstration system including all hardware and software necessary to effectively show prospects the capabilities of products.
Marketing	
Include Hyland partner logo and product information on partners' website	Include Hyland partner logo and product information on partners' website to promote partnership and values that the partner and Hyland bring to customers.
Joint marketing planning/reviews	Collaborate with Hyland to create a joint marketing plan and implement marketing initiatives. The plan is reviewed regularly.
Training	
Complete technical certification trainings	Complete appropriate product training and certification courses.
Minimum certified employee coverage by product	Maintain the minimum number of certified employees specified for each product the partner is authorized to provide to customers.
Technical support (VARs only)	
Employ at least two technical support resources	Employ at least two individuals capable of providing support of the system.
Provide end user customer support	Provide end user customer support and serve as the first line of communication with customers.
Services	
Retain resources to design and implement best practice solutions	Retain resources with sufficient skills and expertise to professionally perform all services for design, installation, implementation and training of the solutions.

Program policies

Re-leveling

At each contract renewal year, a partner may be advanced to a higher level or moved to a lower level in the program based on the requirements a partner has met.

Program change

We reserve the right to alter the program at our discretion — including this program guide — and without limitation any conditions, requirements or benefits contained herein. All such changes shall be effective upon notice to the partner or at such that Hyland may specify.
